## Determination of Patent Term Adjustment under 35 U.S.C. 154 (b) (application filed on or after May 29, 2000)

The patent term adjustment to date is 256 days. If the issue fee is paid on the date that is three months after the mailing date of this notice and the patent issues on the Tuesday before the date that is 28 weeks (six and a half months) after the mailing date of this notice, the term adjustment will be 256 days.

If a continued prosecution application (CPA) was filed in the above-identified application, the filing date that determines patent term adjustment is the filing date of the most recent CPA.

Applicant will be able to obtain more detailed information by accessing the Patent Application Information Retrieval (PAIR) system. (<http://pair.uspto.gov>)

Any questions regarding the patent term extension or adjustment determination should be directed to the Office of Patent Legal Administration at (703)305-1383.

## Notice of Fee Increase on January 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after January 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on January 1, 2003. See Revision of Patent and Trademark Fees for Fiscal Year 2003; Final Rule, 67 Fed. Reg. 70847, 70849 (November 27, 2002).

The current fee schedule is accessible from: <http://www.uspto.gov/main/howtofees.htm>.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of the fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after January 1, 2003 (or mailed with a certificate of mailing on or after January 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

## DETAILED ACTION

### *Allowable Subject Matter*

1. Claims 1-4, 8-12, 14-18, 20, 22-24, are allowed.
2. The following is an examiner's statement of reasons for allowance:

The Applicant canceled claims 5-7, 13, 19, and 21; amended claims 1-3, 8-12, 14-18, 20, 22, and 23; added a new claim 24; and presented arguments in favor of allowance of the existing claims according to the "Amendment" received June 5, 2003. The unamended claims were rejected under 35 U.S.C. 102(b) anticipated by Abe et al. (5,863,682). The Applicant demonstrated to the Examiner's satisfaction that, with respect to the newly amended independent claims 1, 15, and 22, Abe et al., as well as any other prior art, fail to disclose that the plurality of data is generated based on each different value of a parameter representing at least one of an underlayer condition of the member to be exposed, a resist material, a forward scattering radius, and a backward scattering radius, and that the selection of any one of the data is used for controlling the dosage. Abe et al. disclose a method for dividing a drawing region into a plurality of stripes and drawing sequentially for each stripe, where one datum for proximity effect correction corresponds to each stripe and is not selected from a plurality of data so as to control the dosage in accordance with the underlayer condition of the member to be exposed, the resist material, etc., as in the case of the Applicant.

With respect to the newly amended independent claims 3, 9, 17, and 23, the reference of Abe et al., or any prior art, is not applicable to the Applicant's invention, which specifically discloses the generation of a plurality of control data based on each different parameter of a

Art Unit: 2881

proximity effect correction calculation, and selecting one of the control data for performing the processing for proximity effect correction.

The dependent claims 2; 4 and 8; 10-12, 14, and 24; 16; and 18 and 20; are allowed by virtue of their dependence upon claims 1, 3, 9, 15, and 17, respectively.

### *Conclusion*

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Nikita Wells whose telephone number is (703) 305-0416. The examiner can normally be reached on 8:30 AM - 5:00 PM. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, John R. Lee can be reached on (703) 308-4116.
